Subject: J. D. Tippit, Police Applicant

Sir:

The following report of investigation is submitted for your information.

H. M. Bryson, Farmer, Rt. 2, Bogata, Texas:

I have known J. D. Tippit for about two years. He was renting a farm from me in 1951 and 1952. In 1951 he raised a fair crop but in 1952 it was very dry and we didn't get to plant until June. J. D. left here about June 1, 1952 before planting time. He is an honest boy, pays his bills, and takes care of his family. J. D. is a fairly good worker and takes care of his equipment. The Tippets had no family trouble while they lived here. The boy has a temper but he knows how to control it. J. D. is a likeable boy but never has a great deal to say to anyone.

Margaret Mengel, Personnel Manager, Sears Roebuck & Company:

J. D. Tippit was employed here on two occasions as an insulation installer. The dates of employment were: March 23, 1948 to May 2, 1948, (He resigned to take other employment), May 17, 1948 to September 6, 1949 (He was laid off due to reduction of the force.) Tippit's work was satisfactory and there were no complaints on his work.

Connie Smith, Secretary, Dearborn Stove Company:

J. D. Tippit was employed by Dearborn as a shipping helper from November 9, 1946 to March 19, 1948. Tippit was a good worker, prompt, and reliable. He was laid off in a slack period and did not return.

Alfred Robinson, Farmer, Rt. 2, Bogata, Texas:

J. D. Tippit has been a neighbor of mine for many years. The Tippits are a nice family, respectable and upright. J. D. is an honest, hardworking, and sober boy. He has never had any trouble of any kind. J. D. is a quiet fellow and has very little to say. I don't believe he is shy or bashful, as he will speak up to anyone if he believes he is right.

W. L. Gasway, Farmer, Rt. 2, Bogata, Texas:

J. D. is a good worker, honest, dependable, and capable. I have known the boy for ten years and have found him a very likeable boy. J. D. has a good service record in the army. He was a paratrooper in the 82nd Airborne Division

and made numerous jumps in Europe. J. D. is a little nervous still and is startled by any loud unusual noise. J. D. and Marie have been married for four years and they get along very well together. They have the usual family arguments but nothing serious. J. D. has a good sense of humor and likes to be friendly with people. He has a bit of temper but never lets it get out of hand. I have seen J. D. drink some but it was before he was married. He doesn't drink at all now.

Paul Hill, Gin Operator, Fulbright, Texas:

I have known J. D. Tippit for about 20 years. He is from a fine family and is hardworking boy. J. D. is honest, pays his obligations, is even tempered, and was never in trouble here. He is a likeable boy and he tends strictly to business. J. D. is a quiet boy and says very little.

E. W. Verner, Minister, Commerce, Texas:

J. D. was a member of my congregation for several years and I believe he is a fine boy. I would say he has average intelligence, is capable of meeting the public, and is a level headed fellow. He is likeable, has a clean cut appearance, and has little temper.

M. H. Brumley, Patrolman, Dallas Police Department:

I have known J. D. Tippit for many years and I went to grade school and high school with him. J. D. was a very shy and bashful boy when he was going to school. He had several fights in school with people who mistook his shyness for fear. After J. D. won a few of these fights he had no further trouble. He had a good record in the paratroops during the war and he got over being shy in the service.

J. D. Tippit has no police record in any of the towns in which he has lived. The Retail Merchants Association of Dallas and Clarksville report that J. D. Tippit has a very satisfactory credit rating with one exception. Tippit has owed an account at the Walker Appliance Store of Clarksville, Texas, since September 11, 1949. The amount past due since that date is \$17.50.

*Paid in full  
2/2/63*

Tippit completed the eighth grade of school at Fulbright, Texas. He attended two years at the Veterans School of Clarksville, taking auto mechanics and general shop training.

Respectfully submitted,

AGE: 28  
DATE: November 17, 1952  
GROUP: Dallas Police  
TEST: Rorschach  
EXAMINER: H. M. Chapman

This man appears to be wholly devoid of any imaginative facilities. His percepts are predominantly the most common. His range of interest and achievements is quite limited, seen in his very narrow associational content. He takes little note of rare and unusual stimuli in his environment. His mental functioning is highly stereotyped. In conformity, he is within the limits of the average in that his thinking corresponds with that of the community at large. However, he proceeds occasionally with alogical reactions.

His grip on reality is below the average. Errors of judgment may be expected.

On two occasions he resorted to edging while handling the cards.. This is a very unhealthy sign.

Only a single overt expression of feeling is revealed. This, however, is at the stable level and gives a slight indication of warm social contact.

Subject: Injuries sustained on duty.

Sir:

The following report is submitted for your information.

While working district 104 April 28, 1956 we received a call at 8:28 P.M., to 731 N. Edgefield, regarding a demented person.

Upon our arrival at this location we contacted Mrs. Vicki Shaver, w/f/25, who was standing in front yard and stated that her husband had run her out of the house with an ice pick and threatened to kill her and commit suicide. She further stated that she wanted us to go into the house and get him out.

We went to the front door where the suspect, Robert Lee Shaver, w/m/25, was standing and creating a disturbance by talking loud and threatening his wife. We asked him to come outside and he refused.

We pulled the screen door open as he shut the wood door. We opened the door and as officer D. H. Smith and I went in, he stabbed officer Smith in the left shoulder with an ice pick and I was stabbed in the stomach and right knee.

Suspect was subdued and handcuffed and was transported to City jail by officers L. G. Speers and J. D. Cober. Suspect was charged with assault to murder.

I received treatment at Parkland Hospital by Dr. Greathouse and returned to duty.

Respectfully Submitted

Re: J. D. Tippet

Attn: Mr. Roach

Dear Mr. Roach:

The following is a copy of my record on the above named patient first seen by me in the office on 11/6/56.

Family history is essentially negative. The patient states that he had an abdominal distress about 2½ years ago and was treated at the Veterans Hospital without a definite diagnosis being established. He recovered and has had no difficulty since.

The patient states that about April, 1956 while on duty for the City of Dallas he and a fellow policeman were attempting to arrest a mentally ill patient when the patient stabbed him in the right knee with an ice pick. The patient reported to Parkland Hospital where emergency care was carried out but no x-ray made. The following day there was considerable swelling and the patient then returned to Parkland where further care was administered. Ace bandage was then applied and the patient states that after about three days the swelling seemed to subside. He limped for about two weeks after this, but then seemed to be doing quite well until about six weeks ago when he noticed that he developed pain in his right knee again. He noticed pain mainly after sitting for any length of time. The pain would seem to be in the region of the previous wound. His leg has felt weak since the injury but he thought that this would continue to improve. However, it has not and seems to be increasing in the amount of weakness over the past six weeks. He is referred to the office this date by the City of Dallas for evaluation.

Physical examination is essentially negative. The penetrating wound over the lateral aspect of the right knee is well healed. No loose bodies are felt and there does not appear to be any swelling of the knee this date. There is pain, however, on compression of the patella against the femur. AP and lateral views of the right knee reveals a metallic foreign body penetrating through the patella in the superior pole and approximately 1/4 to 3/8 inch of the sharp point of the metal is protruding into the articular surface between the patella and the femur. There does not appear to be any severe reaction about the metallic body this date. Diagnosis is (1) metallic foreign body, articular surface, patella and femur, right and (2) synovitis, knee joint, right, traumatic and secondary to #1.

Re: J. D. Tippet

2

City of Dallas

It is recommended that this knee be explored and the metallic body removed and any degenerative cartilage removed as a result of wear and tear from the sharp point. This should be carried out as soon as possible and the patient is scheduled for November 16th unless the City of Dallas advises otherwise. Surgery is to be carried out at Methodist Hospital.

It is estimated that this patient will be off work approximately 3-4 weeks minimum and maximum about 3 months depending on the amount of damage that is found at the time of surgery. There will definitely be permanent disability to this knee in any event, but the sooner the surgery is carried out, the less the permanent damage.

Trusting this initiates your orthopedic record on this patient, I am,

Very truly yours,

HAROLD A. MATTISON, M.D.

April 28, 1956.

Sir:

The following is submitted for your information.

My right knee has been bothering me for several weeks. This is the same knee that was stabbed by an ice pick on April 28, 1956.

Captain Solomon advised me to see Dr. Mattson, 630 No. Bishop, who is on the approved City Doctors list.

I went there on Tuesday, November 5, 1956. X-rays were taken and it was disclosed that there is approximately one-half inch of the tip from the ice pick embedded in my right knee cap.

Dr. Mattson made arrangements for me to enter Methodist Hospital on November 15, 1956 and to be operated on November 16, 1956.

Respectfully Submitted,

Subject: Supplement to injury report  
received by Officer J. D. Tippit  
April 28, 1956.

Sir:

The following is submitted for your information.

My right knee has been bothering me for several weeks. This is the same knee that was stabbed by an ice pick on April 28, 1956.

Captain Solomon advised me to see Dr. Mattson, 630 No. Bishop, who is on the approved City Doctors list.

I went there on Tuesday, November 5, 1956. X-rays were taken and it was disclosed that there is approximately one-half inch of the tip from the ice pick embedded in my right knee cap.

Dr. Mattson made arrangements for me to enter Methodist Hospital on November 15, 1956 and to be operated on November 16, 1956.

Re: J. D. Tippet ✓

Attn: Mr. Roach

Dear Mr. Roach:

The following is a progress note on the above named patient dated 12/19/56.

Check x-ray of the right knee this date reveals the articular surface of the patella to remain in good condition following the surgery and removal of the metallic fragment. Clinically the patient can extend completely and can flex to about 80 degrees. He is now to begin doing bicycle exercise to help increase flexion and is also to begin increasing activity gradually and attempts at driving his car. If after the first of the year the patient feels that he can handle himself well enough for limited activity, he may return to this status of work and he is to report back in six weeks for re-evaluation and further indications. If he is unable to handle himself for limited activity, he is to refrain from work until his next examination.

Enclosed is a statement for services rendered.

Very truly yours,

HAROLD A. MATTSON, M.D.

While on duty March 5, 1957 I made a mis-step and turned my right leg, causing a sprain to the old injury received April 28, 1956.

Report was made at that time. Also a supplement was made November 16, 1957. At this time surgery was done to remove point of ice pick from the right knee cap.

It was necessary that I go to Dr. Mattson for additional treatment. He advised that I stay off the leg for approximately 1 week, until swelling reduced. I was off March 7th through March 13th.

Re: Mr. J. D. Tippet

Attn: Mr. Perry Roach

Dear Mr. Roach:

The following is a progress report on the above named patient dated 3/12/57.

~~NEW COMPLAINT:~~ Patient states that on 3/5/57 he accidentally made a mis-step after getting out of his car, while on duty and twisted his right foot sustaining injury to his right knee. Following this he had considerable pain and swelling about the knee and was unable to work for about a week. He reports to the office this date for evaluation.

Physical examination reveals some increase in the temperature of the right knee and still persistent moderate swelling about the knee joint and the knee cap. He has good range of motion and the ligaments are stable however. Diagnosis is strain, knee joint, right moderately severe.

It is recommended that this patient refrain from work or strenuous activity other than maybe a desk job for a period of another week and then, if symptoms have subsided, gradually return to his previous activity reporting back to this office in a month for re-evaluation. He is to return immediately should his symptoms increase or fail to improve.

Trusting this brings your orthopedic record on this patient up to date, I am,

Very truly yours,

DALLAS PERSONNEL DEPARTMENT

The following is a medical report on the above named patient last seen by me in my office on 1/7/59.

Re-examination this date reveals good range of motion and very little crepitus of the articular surface on active motion. It is felt that in view of the good range of motion and no joint effusion, surgery be postponed until next visit. It is recommended that he not do activity or straining on his knees, such as hopping, etc. This is not unusual in his job, therefore should be of no concern. He is to continue quadriceps exercises and continue full activity as to not report back to the doctor for x-ray, AP and lateral of the right knee and a transverse view of the patella to show the articular surface. Further indications on re-examination.

Trusting this brings your orthopedic record on this patient up to date, I am,

Very truly yours,

R.M.T./jds

Re: J. D. Tippet  
Police Department

Gentlemen:

The following is a medical report on the above named patient dated 8/13/60.

The patient states that he has been in excellent condition since his last examination in January, 1959 and that he has had no difficulty with his right leg. He states that on 8/12/60 while driving a patrol car he began having pain in his right leg involving the hip and the knee with difficulty in utilizing the brake and the accelerator. This gradually subsided then increased in pain to where he could hardly utilize his leg and he was brought to the office this date by his sergeant for evaluation.

Physical examination reveals some tenderness about the right hip with marked guarding of motion and loss of flexion and rotation. There is some tenderness about the right knee. X-rays of the right hip and pelvis are negative.

Diagnosis is synovitis, hip joint, right, acute, cause undetermined this date.

It is felt that this patient has an acute synovitis of the hip joint which maybe the result of prolonged sitting and car driving, however, it may be on an infectious basis or on the basis of calcific deposit developing in the hip joint. In view of this the patient is to refrain from work for one week, he has been placed on aristogenesis drug for inflammatory process and drug for pain. He is to return immediately if he begins developing fever or if symptoms increase. Further indications await his return visit in a week.

Enclosed please find a statement for services rendered to date.

Very truly yours,

Sir:

On December 7, 1961, at 11:45 P.M., while working squad 83, I received a radio call to Jefferson Blvd. east of Westmoreland, regarding a disturbance.

While proceeding north on Hampton Rd. enroute to the call, I observed two vehicles blocking the intersection of Hampton and Jefferson Blvd. The occupants of these vehicles, five white males, were fighting in the street. In quelling the fight and the subsequent arrest, I was scratched on the left side of the face by one of the participants. I do not know which of the five persons made the scratches.

I contacted Sergeant Hugh F. Davis who admitted me to Parkland Hospital, where I received a tetanus shot and was released to duty by Doctor V. Yoder.

Mr. C.F. Hansson  
Chief of Police,

Sir:

I submit the following report for your information regarding a city employee placed in jail.

On January 23, 1953 at approximately 9:20 PM we entered the Red Devil Club, 2500 blk. West Davis on mark-out. The special officer C.B. DuBois #39, had arrested Ray Franklin Smith w/m/42 of 2710 El Tivioia. Officer DuBois told us Mr. Smith had apparently lost some money in the telephone and was shaking it violently. When officer approached, Mr. Smith demanded a refund. The officer asked Mr. Smith to leave and Mr. Smith refused almost tearing the officer's badge off of his shirt trying to determine the number. Mr. Smith had strong alcoholic breath and was staggering. We placed him in jail and charged him with D & D. Mr. Smith said he is employed by the City of Dallas, Public Works Department as an engineer.

Respectfully,

C. F. Hansson, Chief of Police  
2012 Main Street  
Dallas, Texas

Dear Chief Hansson:

I believe in commending a man when he deserves it. Such a man is Officer J. D. Tippit, badge No. 848. I have never before received a traffic summons for speeding, but I have heard many people tell how impolite policemen can be when issuing them, especially for speeding. I came through your city violating your law at 5:30 in the morning. Officer Tippit was very polite and courteous. He patiently explained what I had done wrong and was never even gruff. I believe that this is unusual at 5:30 in the morning, after probably working all night. My faith in and respect for police officers has been renewed.

I do have two suggestions to offer. In driving through Dallas yesterday morning on my way to Fort Worth, I was almost involved in an accident three or four times by other drivers cutting out of their lanes into mine. I do not know if this is a violation of your law or not, but it is extremely dangerous unless the other driver makes a hand signal. This seemed to be quite common with no attempt at correction. The other suggestion is that on highway 80 (business route) you place some larger signs telling the speed limit. I entered the city and there was a large sign saying, "Speed limit 40 miles per hour." As I continued on toward town, I did not notice any other speed signs. I had noticed before that on the traffic signals there were signs saying that the traffic signals were set for 30 miles per hour. After my arrest, I looked at the next traffic signal and I saw in rather small lettering, "Speed limit, 30." Here in Longview, highway 80 has a speed limit of 40 until you come into town and it is reduced to 35, but there are several large signs telling out of town drivers. When you are used to this speed and driving in a strange city, it is good to have large signs telling you the speed limit.

I have sent a similar letter to Judge O'Brien with my check for \$10.00, the amount of my fine.

Sincerely,

Leelie K. Green, Associate Minister
